Kamal Kishor
AIML Engineer at Tiger Analytics
Indian Institute of Technology Madras
Email: 96kamal.k@gmail.com| Mobile No: 7510030194|Linkedin

EDUCATION AND SCHOLASTIC ACHIEVEMENTS

PROGRAM	INSTITUTE/BOARD	%/CGPA	YEAR
MS in Mechanical Design	Indian Institute of Technology Madras, Chennai	8.60/10	2020 – 2022
B.Tech. Mechanical Engineering	Bundelkhand Institute of Engineering and Technology, Jhansi	8.06/10	2014 – 2018

- Achieved **98.06 percentile** amongst 0.2 million applicants in the GATE 2019

PROFESSIONAL EXPERIENCE AND PROJECTS

Tiger Analytics: Advanced Analytics and AI Consulting Services *(2022-present)*

Optimization of the delivery route to minimize the cost and improve the delivery time

- Developed and implemented machine learning algorithms for route optimization, enhancing efficiency and reducing operational costs.
- Designed and developed a cloud-based application using PowerApps as the frontend interface, facilitating user access to optimized data generated through machine learning algorithms

Streamlined the potato procurement process to enhance supply chain efficiency and maintain high-quality standards

- Developed Python APIs using the FAST API framework as part of the backend engineering team
- Authored comprehensive test cases to validate the reliability and functionality of API functions, ensuring robust performance and seamless integration

Business Analyst – Data & Insights

- Translated complex datasets into clear, actionable business stories to support strategic and operational decision-making.
- Built end-to-end analytical narratives by identifying trends, anomalies, and root causes across large datasets.

ACADEMIC PROJECTS

Seismic wave mitigation with ultra-low frequency wide-bandgap using locally resonant phononic metamaterials
MS Project; Supervisor: Dr. Prabhu Rajagopal, Professor, IIT Madras *(Dec 2020)*

- Developed a novel, cost-effective seismic Metamaterial for the shielding of seismic vibrations and low-frequency vibration
- Performed simulations in frequency and time domain study to obtain the effective design parameters using **Finite Element software COMSOL Multiphysics**
- Performed **1:40 scale-down lab experiments** to validate the results obtained in Finite Element simulation studies

A novel holey-structured meta-lens for subwavelength resolution in ultrasonic defect detection *(Jan 2022)*

- Developed acoustic meta-lens for subwavelength resolution in ultrasonic defect detection
- Performed simulations in the time domain to study the effectiveness of meta-lens using **Finite Element Software Abaqus**

Course Project: MATLAB implementation of Finite Element Analysis of 2D Elasticity problems *(Dec 2020)*

- Solved plane stress problem of the plate with a hole in **MATLAB**

CONFERENCES & PUBLICATIONS

- Kamal Kishor *et al.,* "**A clamped embedded seismic metamaterial with broadband ultra-low frequency bandgaps" presented at 12th International Conference on Metamaterials, Photonic Crystals and Plasmonics,** Spain *(July 2022)*
- Participated in the conference '**Non-Destructive Evaluation 2020'** organized by **Indian Society of Non-destructive Testing (ISNT)**
- *(Under review)* A **research Article** in the journal **Engineering Structure: Proceedings** under **'Elsevier Publisher'** entitled "***A Clamped Brick Seismic Metamaterial with Broadband Ultra-Low Frequency Bandgap"***

SKILLS

Modelling Software	FEA Software	Programming Language	Other Tool
SOLIDWORKS	Abaqus, COMSOL Multiphysics	MATLAB, Python, SQL	PowerApps, PowerAutomate

RELEVANT COURSES

- Finite Element Analysis
- Material science and Measurements
- Advanced Non-Destructive Evaluation
- Advanced Mechanics of Solids
- Elastic Wave and Ultrasonics
- Computational Methods in Engineering

POSITION OF RESPONSIBILITY

Placement Team, IIT Madras: Interacted with HR person and organized tests and interview for **200+** companies for placement process
Member of Technical cell: Organized various technical events, and seminar talks on Institute-Industry relations and assisted teams in building model

CO-CURRICULAR AND EXTRA-CURRICULAR

- Awarded ***1st prize*** in quiz competition Abhyudaya at BIET, Jhansi
- Awarded ***1st prize*** in Collage competition Mahotsav organized by FINE ARTS & HOBBIES SUB COUNCIL at BIET, Jhansi

HOBBIES

- Travelling and Sketching
